to **Brett, Bronwyn**, me

Tony,

A couple of final points for 2019:

1. We work with the national committee and state coordinators – whether they are self-appointed or not, it is logical for us to work through them.
2. Clay Parker has recently been employed by BA as an RBM, is on the National Coaching Committee and is a NSW rep, a coach and user of a Bowlers Arm....we will use his advice for BA going forward.
3. BA does care about Armed Bowlers but we don't need to take them over.....we support all registered clubs and members thereof, whether they use an Arm or not.
4. By not having the BA logo on your shirts now means they cannot be worn in events such as the AO and other Championship events.....is that a smart move for your membership?

Regards,

Neil
